EXTENSION WATER MAINS TO REDUCE KEY RATE HERE

CITY CONCLUDES CONTRACT WITH WATER COMPANY FOR LARGER MAINS.

A reduction of 19 cents in the key rate for the city of Cameron is authorized by the Fire Insurance Commission as a result of an improvement in the size of the water mains for the mercantile and residence districts of the city.

Tuesday the city passed an ordinance extending the contract of the water company for an in consideration of the extension and enlargement of the water mains.

In addition to the extension the water company is to install nineteen additional fire plugs placed at points as prescribed by the insurance commission.

The program of improvement will extend until April 1 of 1924, the volume of work making it necessary to grant the extension, taking into consideration that the company is unable at this time to buy sufficient pipe of eight and six inch size necessary to complete the program.

Eight inch mains are to be constructed in the business district on streets approved by the insurance commission and in addition six inch mains are to be laid in two sectors of the residence portions, displacing four inch mains. Four inch mains are to be laid to eliminate a number of dead ends.

On and after conclusion of the contract no mains will be laid smaller than six inch in the residence section and not less than eight inch in the mercantile districts.

The program gives the city ample water for fire protection and the system as approved by the insurance commission is standard for the mercantile districts.

WEATHER REPORT.

Thursday May 7, 11:00 a. m. Dallas and Vicinity—Tonight and Friday partly cloudy to cloudy and somewhat unsettled weather. Light to variable winds.

East Texas (Cameron)—Tonight and Friday partly cloudy to cloudy and somewhat unsettled weather.

West Texas—Tonight and Friday partly cloudy with probable thunder showers in the Panhandle.

Weather generally fair and no precipitation.

Temperatures for yesterday, lowest at Corpus Christi 86, Cameron 90 with San Antonio 94 the highest.

Showers fell in Tennessee and central Oklahoma.

SUMMER SCHOOL BEGINS MONDAY AT YOE HIGH.

The summer school will begin at eight o'clock Monday morning. All students wishing to do summer work should be there at eight o'clock for work assignment.

New courses may be taken and make up work may be done. School will be in session from eight until twelve o'clock in the morning, six days of the week. The session will run from June 11 until August 17 making a full summer term of ten weeks.

The tuition fee for the full term of ten weeks is twenty dollars, payable at the first of the term.

L. VAN PERKINS.

Mr. and Mrs. Bert Miller visited his mother, Mrs. D. L. Miller at Austin last week.

THAN YOU ARE RIDING IN
LIMOUSINES AND LIVING IN
MANSIONS. BUT THEY DIDN'T
GET THAT WAY BY PLUGGING
ALONG IN A RUT! NO SIR! "

BOLT OF LIGHTENING KNOCKS MAN FROM CHAIR AT SUPPER.

While eating supper with his family Tuesday night at his home near Tracy Will Scheckels, farmer, was hit by a bolt of lightning and knocked from his chair but uninjured. The lightning struck him in the body and he was knocked to the floor. Aside from the jar he sustained no injuries.

This is said to be the most miraculous escape ever noted in this section. The bolt struck during the severe electrical storm early Tuesday. No damage was done to the residence or to others seated at the table. Two mules belonging to J. W. Seaton at San Gabriel were killed by lightning Tuesday night and the Felton barn at San Gabriel was struck and burned by lightning. Aside from these instances no damage has been reported.

CITY WILL BRING SUIT ON ALL TAX NOW DELINQUENT

INSTRUCTS ATTORNEY TO PROCEED AT ONCE TO CLEAR UP ALL BACK TAXES.

The City Council Tuesday instructed by motion that City Attorney Paul Webb, proceed at once to make collection of all delinquent taxes due the city.

It was pointed out that there are a number of delinquents as shown by last published delinquent list and in order to keep the business of the city in good condition all collections have been instructed to be made.

It is pointed out also that inasmuch as tax burdens should be equally distributed and equally born, the few who do not pay should be induced to bear their share of the burden therefore the suit will be employed to force collection if necessary.

The question of occupation tax and of license tax was brought up and it was decided to place the license tax on itinerant merchants and peddlers as high as state law will permit in order to protect local merchants.

PYTHIAN MEMORIAL SERVICE.

All members of Cameron Lodge 125, Knights of Pythias are urged to assemble in the lodge room Sunday, June 10 at 2:30 p. m. A memorial service will be held at this hour, after which the graves of the departed Knights will be decorated by the Order.

FRED HENRY, K. R. and S.

MUNICIPAL BAND TO PLAY FRIDAY NIGHT

FIRST CONCERT OF SEASON EXPECTED TO DRAW BIG CROWDS TO PARK.

The first concert of the summer season by the Cameron Municipal Band will be played Friday night at the City Park. Director Paul Medsker is holding rehearsals and will present a fine program for that night.

The city has pursued a definite and constructive civic policy in providing better park conditions and the band has also been taken over and financed by the city insuring it as a permanent institution.

The following program has been announced:

Royal Emblem—Overture—K. L. King.
American Federation—Overture—W. L. Skaggs.
The Monitor—March—Al Hayes.
Mooning—Serenade—K. L. King.
Arcadia—Overture—A. M. Laurens.
National Reform—March—H. C. Miller.

Joy to the World—Sacred Overture—arr by Al Hyes.

PRESBYTERIAN CHURCH.

We wish to invite the people of Cameron to hear Rev. Robt. Hill, D. D., of Tyler, Texas. Our meeting will begin on Tuesday evening the 12th at 8 o'clock. The services will be held on the church lawn and you can enjoy the sermons in comfort. Our plan is not to make the meetings long so that no one will be kept up late and so worn out "going to preaching."

Misses Sallie Kate McLane and Dallie Young, experts with little folks have agreed to care for little children so mothers can come and enjoy the meetings.

We desire the presence, prayers and co-operation of all Christian people.

H. R. McFADYEN, Pastor.

Redpath-Horner Chautauqua Will Close Season In Cameron Tonight With Big Program

With the presentation of "Cousin Mary," the 1923 Chautauqua season in Cameron will close tonight.

This Comedy Opera was written especially for the Premier Circuit and carries a caste of stellar talent. The big tent will be taxed to capacity for this attraction.

Chautauqua week is an annual event which is looked forward to with pleasant anticipation. The programs brought to us make a wide appeal, because of many features, music, drama, lectures, and other forms of entertainment which are cultural and inspirational.

The two plays, "Potash and Perlmutter" and "Price Chap" drew large crowds, Senator Pat Harrison's lecture last night was an outstanding feature, the children's entertainment and demonstration Wednesday morning furnished a treat for the little folks which they thoroughly enjoyed, the musical features were high class, the funny man made us laugh and the magician made us wonder, the lecturers made us think, in fact every body got something out of the week and expect to enjoy the treat next year.

CAMERON COMETS BASEBALL SCHEDULE FOR JUNE

Friday June 8th, Grosebeck in Cameron.

Saturday June 9th, Grosebeck in Cameron.

Sunday June 10th, Liberty Hill vs. Cameron in Thorndale.

Sunday June 24th, Cameron at Rosebud.

June 25, 26 and 27th, Mart at Cameron.

Thursday June 28th, Cameron at Mart.

Friday June 29th, Cameron vs. Rosebud at Temple.

Saturday June 30th, open.

WILL LAY BLOCK ASPHALT PAVING IN CITY CAMERON

CITY WILL PAY ONE THIRD ON TEST JOB OF STREET IMPROVING.

Cameron will soon have laid in the business district one block of Uvalde Rock Asphalt paving.

This paving will be laid by the Miller Surfacing Company of Houston who hope to close a contract for some 80 blocks of the same construction in the city.

G. C. Miller of Houston was before the Council Tuesday and the council accepted his proposition for one-third payment of a block which he wishes to demonstrate. This character of paving will cost about \$1,100 a block including the intersection.

By reshaping the streets the asphalt is laid an inch thick and laid cold and rolled. This will cost 85c per yard. Mr. Miller submits a sample taken from the Leon Springs road at San Antonio which has been in continuous use for five years and shows little wear.

He represents that this paving is sufficient for Cameron traffic requirements. It is laid under the supervision of the Engineers of the Uvalde Rock Asphalt Company and must therefore be as represented.

The council was unanimous in its decision to authorize a block of this paving. Mr. Miller, of course undertakes to get the property owners to subscribe for two thirds.

It is believed that this will solve the street problem in Cameron giving the city paved streets at a cost of one half the price of brick and bitulithic.

BOLT HITS CAMERON FARMER.

While going to a tree where he had placed a jug of water while plowing near Jones Prairie, Archie McLerran was knocked down by lightning Friday which struck and demolished the tree. He was not seriously injured.

This is the second caprice of lightning reported here recently, the other occurring at Tracy when a farmer was knocked from his chair while eating.

Miss Gladys Henry, the recently appointed Demonstration Agent for Milam county has arrived in Cameron and will begin upon the duties of her office at once. Miss Henry has a most pleasing personality, is thoroughly familiar with her work and we predict will make a success in her chosen line and win many friends for herself throughout the county. She has rooms with Mrs. Jeff T. Kemp and may be found there when not out on duty.

W. E. Cameron, Math teacher in the Cameron High school, 1919-20, accompanied by his wife and son, spent a few hours here Tuesday morning. Some of Mr. Cameron's former pupils had the pleasure of chatting with him during this short stop. He was Superintendent of the Spur school the past year and was on his way to Georgetown for the S. W. U. jubilee celebration.

KNIFE WOUND IS FATAL TO HANOVER MAN SUNDAY

LEE FULLER HELD FOR KILLING FRANK FISHER IN ROW SATURDAY.

Frank Fisher aged about 50 years, died at the Cameron Hospital Sunday as the result of wounds received in a fight with Lee Fuller at Hanover early Saturday night. Fisher was stabbed in the neck and the jugular vein cut.

It is said that men engaged in a fight after Fisher and Fuller quarreled earlier in the afternoon.

Fuller was arrested and brought to Cameron by Sheriff Drue S. Rogers and has been admitted to bail following inquest held by Justice J. M. Ralston.

No details of the trouble have been told here other than it is said the men had been drinking.

COUNTY COURT.

Henry Shavers plead guilty of receiving stolen goods and was fined \$25 and 30 days in jail.

DISTRICT COURT.

The following cases have been set for the week beginning June 11:

State vs. John Gandy.
State vs. Henry Taylor.
State vs. Horace Pruett.

MARRIAGE LICENSES.

Robert G. Pollard and Cama Hamilton.

Bill Clark and Hazel Fay Moore.
Albert Claud and Bernice Frazier.
Dwight Allen and Victorine Goodson.
Henry Mayse and Hattie Willis.
J. Marvin Brock and Katy Lewis.

O. W. Rudick and Myrtle Evlin Logan.

EARLY MORNING FIRE.

At about 4 o'clock this morning a house belonging to Mrs. Ed. Thompson and occupied by Audrey Price and family was destroyed by fire at an early hour. The house and contents were totally destroyed.

Another triumph of the Lincoln is recorded in the grilling test given the Lincoln Touring car which is being used by the Michigan State Police department. This car has been driven more than 50,000 miles and in telling of its performance in a letter to the Ford Motor Company, Roy C. Vandercook, Commissioner, says: "We have been compelled to drive it long distances with heavy loads at top speed and it has never faltered or failed us in any emergency. To my mind it is the best balanced easiest handled car I know of."

The Ford Motor Company has one of the largest private telegraph systems in the country. It connects the general offices at Highland Park, Detroit with nine of the company's important branches. The River Rouge plant, the Ford radio station at Dearborn, Mich., and the Ford railroad, the Detroit, Toledo and Ironton.

TICKET ON DERBY GIVES FORTUNE TO POOR MILL WOMAN.

London, June 6—A little sweepstakes ticket, combined with Derby luck, has placed a fortune of 32,000 pounds in the lap of a Yorkshire woman mill worker, Mrs. Nellie Ford, by name, who drew Papyrus in the Otley club's 8,000 pound sweepstakes, in which more than 200,000 players had taken a chance. Mrs. Ford is described as a hard working woman who has spent most of her life working in a mill in order to help support her large family.

A London man won 12,000 pounds in the meat dealers' sweepstakes, of which, he announced, he will give one-third to a fund being raised to aid the city hospitals.

STATE BANK BEGINS CONSTRUCTION ON NEW BUILDING

MOVE QUARTERS TO TRIGGS COTTON OFFICE FOR SIXTY DAYS.

Construction work was begun Wednesday morning on the building for the Cameron State Bank.

The offices of the bank have been moved to the Triggs Cotton office adjoining the old banking room and will be thus located for about 60 days to give the contractors way for completing the building.

A new building will not be erected. Instead the building now owned by the bank will be remodeled and a partition taken out to give the bank more room.

Plans show that a horse shoe lobby of tile and marble will be built with enlarged working space and the various windows located about the lobby. Offices for Mr. Graves and Mr. Hardy will be located near the entrance of the building.

The exterior of the building will be finished out in tile and Stucco making a striking appearance for the entire building.

When completed the bank will be one of the finest in this section of the state. The work is expected to be completed within the next sixty days. The construction includes new vault and safety deposit boxes with every modern banking convenience for customers.

Mr. and Mrs. John S. Owens and son Sherwood, spent the week end in Center City, visiting relatives.

COUNTY AGENT FOR WOMEN BEGINS WORK

MISS GLADYS HENRY FROM A. & M. TAKES UP WORK THIS WEEK.

Home Demonstration work is the name given to the Home Economics work conducted under the Smith-Lever bill by the United States Department of Agriculture through the A. & M. College extension Service, but the State Home Demonstration Agent and her assistants are in charge of Home Demonstration work. The Home Demonstration Staff in Texas consists of:

State Home Demonstration Agent.
Assistant State Home Demonstration Agent.

Specialist working with women's organizations.

Home Economics Specialists.

Clothing Specialists.

Six District Agents who serve as Supervisors of the County Home Demonstration Agents.

County Home Demonstration Agents who reside in the counties to which they are assigned.

The machinery through which Home Demonstration work is conducted in the county is Girls Clubs and Women's Clubs.

The membership in the Girls Clubs is limited to girls between the ages of twelve and eighteen. Definite requirements are worked out for the clubs, including some kind of productive work as food production, sewing, home improvement and instructions for improving the health and social life. The club members not only receive instructions in the above subject but they put the lessons taught into practice at the homes.

Women in the county are also organized and have definite programs for study. The programs are worked out so as to include topics of community interest as well as including subject pertaining to home-making.

Home Demonstration work began

SIX MEN TAKEN IN VICE RAID BY SHERIFF ROGERS

CAMERON AND WACO MEN ARRESTED AND FACING CHARGES.

In a vice raid conducted here last Monday night Sheriff Drue S. Rogers, unassisted, rounded up six men and cases have been filed as follows: Two for transporting liquor, one for carrying a pistol and two for disturbing the peace. The roundup occurred several miles west of Cameron. Of the men arrested two are from Waco, two from Cameron and two from the country. Names of the men are withheld pending investigation and billing by the grand jury.

This is one of a large number of vice raids conducted by Sheriff Rogers since taking office on January 1. A large number of bootleg cases have been turned in under his administration and when he has served a few months longer, it is predicated that lawlessness will be considerably abated in Milam county.

Law enforcement was the platform on which Rogers was elected, and he is keeping the faith with his friends.

This week the sheriff has been busy summoning witnesses for county and district court. N. O. Kennedy of Bon Arnold, well known Milam county officer and citizen, has been retained by Sheriff Rogers as field deputy and will be the only Cameron man he will use in connection with his duties in the future.

A negro was in jail Tuesday and held for an attack on an aged white man near Maysfield several days ago. The negro stole in the home of the farmer whose name is Miller, and attacked him with an axe handle. Robbery is thought to be the motive for the attack, however the negro has not indicated why he attacked the farmer.

HIGHWAY REPORT.

Thursday May 7, 11:00 a. m. Nearly all highways are passable. Cameron to Houston via Hearne fair to good.

Cameron to Waco via Rosebud and Chilton fair to good. From Chilton use the short route via Satin and Norwood.

To Brownwood and Amarillo and Colorado points the Motor League of South Texas with Headquarters in Houston in Sunday's Houston Post issues the statement: West Texas Route. The best route through West Texas for Amarillo and Colorado points is offered west out of Hearne via Cameron, Temple, Brownwood, Sweetwater and Lubbock. The Motor League branch at Cameron in charge of J. T. Parma advises that the route is now caring for a heavy daily movement of cross-country travelers and it is in good shape. Several members of the Motor League recently made the trip and state that the travel conditions were as good as could be desired, fast time being made. Of course there are one or two small rough stretches, but the greater part of it is good going and over some fine hard surfaced roads.

Cameron to San Antonio is fair to good.

Caldwell can be made via Milano. WARNING—Don't exceed the speed limit between West and Waco and between New Braunfels to San Antonio. The new speed law goes only into effect on June 15th of this month.

IMPORTANT MEETING OF COMMERCIAL CLUB JUNE 8.

Every one interested in celebrating the 4th of July in a good old fashion way is urged to be present at a meeting of the Cameron Commercial Club to be held in the court house Friday night.

This movement is sponsored by the American Legion, the Cameron Fire Department and the Cameron Baseball Club.

Attend without fail.

Miss Mary Criswell of Dallas has charge of the Western Union office here while Mrs. R. P. Fisher is off on her well earned vacation.

In Milam County on June 1, Miss Gladys Henry is the Home Demonstration Agent.

Aims: The aim of the Home Demonstration Agent is to work primarily with the women and the girls in the small towns and rural communities. The primary aim of the work is to stimulate interest in home-making, based upon the dignity of home life; to develop ideals of true economy and thrift through systematic conservation, and elimination of needless waste; to encourage home industries through gardening and poultry raising and dairying, thereby increasing food production; to develop leadership for community life; in other words to develop in women and girls a new enjoyment and satisfaction, that they might find their home environments and community life more happy.

NEW PROCESSES GIVE ASSURANCE OF AMERICA'S RUBBER SUPREMACY.

Because of certain advantages which it will be hard to overcome, England may remain the largest producer of crude rubber for a long time to come, but America is emphasizing daily her prominence in the field of rubber manufacture.

Crude rubber is grown largely under the British flag, but the United States is the great rubber manufacturer of the world and her position as leader is becoming more assured as the years go by.

The most recent development in the field of rubber manufacture—the announcement by the United States Rubber Company of three remarkable new processes of manufacture—gives new proof of America's leadership.

Nearly seventy-five per cent. of all rubber articles made in the world are produced in the United States. Through American methods of manufacture and exhaustive laboratory experiment, of which these three new processes are illustrative, American rubber products are unequalled throughout the world.

In the rubber world, one group of scientific men in being watched with the greatest interest. For a number of years this group has been making announcements of important new discoveries with a regularity that has centered the attention of the whole industry upon it.

This group makes up what is known as the Development department of the United States Rubber Company and it is responsible for the development of three new processes just announced.

President Charles B. Seger of the United States Rubber Company in a recent letter to the stockholders of the company announcing these discoveries, expressed the belief that these three developments mean more to the rubber manufacturer and to the user of rubber products than any thing that has been accomplished in the rubber industry since vulcanization was discovered in 1839.

The three new developments are: (1) Sprayed rubber, for use in the manufacture of all rubber products; (2) Web Cord, a fundamental improvement in the art of cord tire making; and (3) a new method of building and vulcanizing cord tires.

Sprayed rubber is produced by a revolutionary new method which eliminates that great bugbear of rubber manufacture lack of uniformity. Factory units for making sprayed rubber are in operation by the United States Rubber Company both in this country and on the company's large plantations in Sumatra.

While of importance to manufacturers of all kinds of rubber goods, the development of this type of rubber is especially important to tire manufacture, insuring a toughness and uniformity never before known.

Web Cord is the name of a wonderful new cord fabric for tires in which each individual cord has been immersed in virgin liquid rubber until it is literally impregnated. Every motorist knows by now that the length of life of his tires depends largely upon the thoroughness with which each cord in the carcass is impregnated and surrounded by rubber, the object of this being to reduce friction.

The third development—a new method of building and vulcanizing cord tires—has a wide significance in tire manufacture, where it displaces the old "core" method of tire building.

To the tire user it means that the structure of the carcass of the tire is brought very much nearer to perfection than ever before, and that many of the causes of tire breakdown have been eliminated.

The new process is called the "flat-band" process of tire building, the name being derived from the fact that under this method tires are built flat and then fashioned into normal tire shape by special machinery, instead of being built to tire shape around a metal core.

SHERIFF'S SALE.

THE STATE OF TEXAS
County of Milam.

By virtue of a certain Order of Sale issued out of the Honorable District Court of Milam County, on the 23rd

day of May, 1923, by Penn Wolf, Clerk of said Court against B. T. Christian for the sum of Nine Hundred and Fifty Three (\$953.00) Dollars and costs of suit, in cause No. 8539 in said Court, styled L. H. Hillier versus B. T. Christian, and placed in my hands for service, I D. S. Rogers as Sheriff of Milam County, Texas, did on the 26th day of May, 1923, levy on certain Real Estate in Milam County, described as follows, to-wit:

Lots 5, 6, 7, 8, 9, 10, 11, 12, 13 and 14 in block No. 2 in the Hillier Heights addition to the City of Rockdale, Texas, situated in Milam County, Texas, according to the map of the plan of said addition, of record in Deed Records of Milam County, Texas.

And levied upon as the property of said B. T. Christian. And on Tuesday, the 3rd day of July, 1923, at the Court House door of Milam County, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I will sell said Real property at public vendue, for cash, to the highest bidder, as the property of said B. T. Christian by virtue of

said levy and said Order of Sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam County.

Witness my hand, this 26th day of May, 1923.

D. S. ROGERS, Sheriff,
Milam County, Texas.

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of

other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

J. D. DOBBINS

Are the basis of comparison with the Grocery Buying people of Cameron. When Dobbins names a price our patrons are sure that it represents both good value and true economy—Other merchants imitate Dobbins at times, on a few items and then on the large remainder of their stock charge more. You are sure of bed-rock prices on all purchases when you trade at J. D. DOBBINS.

NEGRO MAN HELD ON ASSAULT CHARGE

J. A. MILLER WOUNDED WHEN NEGRO BREAKS IN HOUSE at 4 a. m. nfevLNdenbuzdnu AT 4 A. M.

J. A. Miller of Maysfield was severely wounded at an early hour last Saturday morning when a negro giving his name as Fuller entered the home and attacked Mr. Miller with an axe handle.

Mr. Miller was brought to Cameron for treatment and is doing nicely.

The negro was placed under arrest by officers at Maysfield and was brought to Cameron by Deputy Sheriff N. O. Kennedy and Vince Lucas, City Marshal.

INSTALLS BATTERY CHARGING MACHINE.

The Schiller-Buick Company announces this week the installation of a Marshall Constant Potential System of battery charging. The system is expected to be in operation by the latter part of the week.

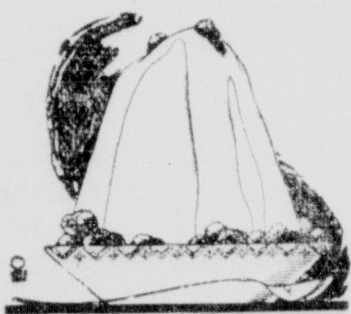

The charging machine will be seen on exhibition in the show windows of the Schiller-Buick Company for the next few days. It is said that the system charges a battery in eight hours, an improvement over any other system, it is claimed.

FORDSON SALES GROW.

Increasing use of tractor power in commercial, industrial and agricultural activities has brought a greater demand than ever for Fordson Tractors. To meet this demand production of these sturdy power plants reached a total of 38,473 during the first four months of this year, more than twice that of the same time last year when 15,467 Fordsons were manufactured by the Ford Motor Company.

CAMERON GROCERY MERCHANT ATTRACTS KANSAS BUYERS.

Here is a concrete example of the merchandising methods of Cameron business men. Selling ribbon cane syrup in Kansas through advertising in the Cameron Herald is an easy matter for J. D. Dobbins, Cameron groceryman.

Medicine Lodge, Kansas May 24. The Dobbins Grocery Co., Cameron, Texas.

Gentlemen—At what price can you furnish fe F. O. B. in Cameron with 5 or 10 gallons of Ribbon Cane Syrup in container for shipping?

Yours very truly,
SAM L. GODDARD.

Cameron, Texas, May 26. Prices on gallon cans of Pure Louisiana Cane Syrup 83 cents per gallon F. O. B. Cameron.

J. D. DOBBINS.

Medicine Lodge, Kansas, June 2. Mr. J. D. Dobbins, Cameron, Texas.

Dear Sir—Please find enclosed \$5 on receipt of which send me by freight a 6 gal. case of Pure Louisiana Cane Syrup, Velva brand if you have that brand, as per your enclosed quotation. Yours very truly,
SAM L. GODDARD.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVES TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. "Pleasant as a Cherry Lollipop."

MAY PROVE FATAL

When Will Cameron People Learn the Importance of It?

Backache is only a simple thing at first;

But if you find 'tis from the kidneys;

That serious kidney troubles may follow;

That dropsy or Bright's disease may be the fatal end,

You will be glad to know the fol-

SERVICE BEFORE SALES

The problem confronting the local automobile dealer today is not one of merely selling automobiles, but rather one of giving the necessary co-operation, service, and attention to the fast increasing number of car owners.

When anyone buys a Chevrolet here, he gets a good car plus abundant permanent local responsibility for its performance.

Summer Outings

—on the—

S. A. & A. P. MOUNTAINS

SAN ANTONIO AND ARANSAS PASS RAILWAY

S. A. & A. P. GULF COAST

Texans, who enjoy Summer Camping will miss a great treat if they do not go to Live Oak Peninsula, between Aransas and Capano Bays this Summer. Rockport is the railroad station, and the S. A. & A. P. Railway will take you there.

A SEA COAST WITH PLENTY OF SHADE.

This Section is covered with big Live Oak trees. Here you can combine the pleasures of Summer Camping with Sea Fishing, Sailing and bathing—an ideal and economical way to spend an "Outing." Those who prefer camping right on the beach front can find many fine places in and around Corpus Christi. The S. A. & A. P. Railway will take you there. Splendid Hotels and Boarding houses at Corpus Christi.

HILL AND MOUNTAIN CAMPING.

The Hills and Mountains on the Boerne-Kerrville Branch of the S. A. & A. P. Railway furnish most delightful places for camping—altitude range from 1500 to 2000 feet. Good hotels and boarding houses at S. A. & A. P. Stations.

SPLENDID COMMUNIAY CAMPING.

Make up camping parties and select your camping location. You will then find out what splendid neighbors you have away from politics and business. Take along the phonographs and fiddles; community singing and camp life under the stars will bring new joys and sunshine to all. Send a representative to the many S. A. & A. P. Resorts and pick out a camp site. Plenty of water, and the truck farms will furnish you vegetables.

Fishing, bathing and boating in the Gulf Salt Water or in the beautiful Guadalupe River on Kerrville Branch, all of which will add an invigorating and enjoyable vacation.

Summer Round Trip tickets are now on sale to Corpus Christi, Rockport and Kerrville. See your Railway agent. Write the Secretary of Chamber of Commerce for further information, or address

"A WOMAN'S WISH."

Would I were lying in a field of clover,
Of clover cool and soft, and soft and sweet,
With dusky clouds in deep skies hanging over,
And scented silence at my head and feet.
Just for one hour to slip the lash of worry,
In eager haste, from thoughts impatient neck,
And watch it coursing, in its heedless hurry,
Disdaining Wisdom's call or Duty's beck!
Ah! it were sweet, where clover clumps are meeting
And daisies hiding, so to hide and rest;
No sound except my own heart's sturdy beating,
Rocking itself to sleep within my breast—
Just to lie there, filled with the deeper breathing
That comes of listening to a wild bird's song!
Our soul's require at times this full unshowering—
All swords will rust if scabbard-kept too long.
And I am tired—so tired of rigid duty,
So tired of all my tired hands find to do!
I yearn, I faint, for some of life's free beauty,
Its loose beads with no straight string running through!
Aye, laugh, if laugh you will, at my crude speech;
But women sometimes die of such a greed—
Die for the small joys held beyond their reach,
And the assurance they have all they need!

—TOWNSEND.

HONOR STUDENTS

FROM CAMERON.

Many social events centered around the High School graduates this season. The class this year was one of the best ever finished here, and there were few hours not touched by social events the past month. From the class banquet down to small affairs that touched on the social life and taste of each member. Among the many sweet girl graduates of the class of '23 from Yoe High school were Misses Mary Francis Green, eldest daughter of Mr. and Mrs. C. N. Green, who will this fall enter Southwestern University at Georgetown, Pauline Green, youngest daughter of Mr. and Mrs. A. N. Green, Salutorian for her class will matriculate in Baylor University, Waco, in the fall, and Olive Henderson, the youngest daughter of Mr. and Mrs. Wm. Henderson who won a scholarship in music this spring at the contest at Baylor College, Belton. Miss Olive left this week for Belton where she will attend summer school at Baylor College, after which she will return to Cameron for a few weeks rest and will re-enter college for the fall term, specializing in Violin. Mildred Moore, only child of Mr. and Mrs. Henry Moore, and niece of Mr. and Mrs. George Tiff Moore, granddaughter of the late Major and Mrs. J. B. Moore, of our city, Miss Moore will probably specialize in literary work in the near future.

VISITS HIS OLD HOME.

Nat Wofford, youngest son of Mrs. Hallie Wofford, who is employed by the Kansas City Southern Railroad Company at Port Arthur, came in Sunday and spent a few days with his mother, then visited his Alma mater at Georgetown attending the Golden Jubilee which came off this week. He will return to his duties at Port Arthur the last of the week. His brother Jones Wofford is associated with him in his work and both hold responsible positions.

FORMER CAMERON TEACHER LIBRARIAN.

Many friends in Cameron and over the state will be glad to hear of the success of a former teacher, known here as Miss Della Budd, who mar-

ried the fall after leaving, to Mr. Carter of Port Arthur who was at that time, and is yet, Principal of the Port Arthur schools. Mrs. Carter is Librarian at the Gates Memorial Library which was given by the late John W. Gates, the Multi-Millionaire.

INSTALLATION OF O. E. S.

The Worthy Matron of the Order Eastern Star called a meeting last Thursday for the purpose of installing the newly elected officers for the ensuing year. At eight o'clock the meeting was called to order by the retiring Worthy Matron, Mrs. Geo. Graves, with R. H. Redfield as acting Worthy Patron. Mrs. Graves acted as Installing Officer, Miss Delphya Scott, acted as Marshal. The following officers were installed: Worthy Matron—Mrs. Katie Robbins. Worthy Patron—T. F. Hardy. Associate Matron—Mrs. Redfield. Secretary—Miss Annie Woolley. Treasurer—Robt. McLane. Conductress—Mrs. Overton. Associate Conductress—Mrs. W. A. Bonds. Chaplain—Mrs. Charlie Price. Organist—Mrs. Jeff Avera. Ada—Mrs. Bettie Stafford. Ruth—Mrs. Susie Sloan. Ester—Mrs. Boles. Martha—Mrs. Garner. Electa—Mrs. Alex Triggs. Warden—Mrs. J. L. Clinton. Sentinel—C. R. Phillips. A rising vote of thanks was tendered Mrs. Graves, the retiring Worthy Matron, for her untiring energy in her work for the Chapter during the year she presided. At the conclusion of the evening a delightful social hour was enjoyed and brick ice cream and angel food cake was served, after which Mrs. J. L. Clinton favored the audience with two delightful vocal solos.

PICNIC AND FISH FRY.

Mesdames Wm. Henderson and A. C. Strickland chaperoned the following last Thursday on a delightful fish and picnic at the Wilson-Ledbetter Park. Misses Olive Henderson, Eloise Rogers, Bess Wiley, Martha Lou Hooks, Pauline Green, Sallie Coleman, Eugenia Wallace, Mildred Moore, Alice Preston, Messrs. Eugene Green, Edwin Agee, Bonds Laird, Marvin Sykes, Rube Johnson, Alton Baggett, Glean Flinn and Jack Hearrell.

BAPTIST AUXILIARY.

The ladies of the Baptist Auxiliary met Monday afternoon at the church for a general business session. Mrs. A. N. Green, their President, led a short devotional service from Proverbs 16th chapter, after which the business session was held. There was a large attendance of members.

METHODIST MISSIONARY.

The ladies of the Methodist Missionary Society met at the church Monday afternoon with the President, Mrs. Leland Green, presiding. Mrs. R. S. Boykin led the Devotional services. Mrs. Charles Gaston read an interesting paper on "Christian Federation." Mrs. R. L. Batte, Sr., and Miss Maggriell Aycock were elected delegates to attend the Woman's Missionary Conference of the Marlin district which was held in Hearne Tuesday. They left in company with Mrs. W. O. Triggs, secretary of the Marlin District.

CAMERON GIRL IN OPERA.

The following will be of much interest to friends in Cameron and over the state, as one of our most beloved and popular girls, Miss Agnes Henderson, daughter of Mr. and Mrs. Tom Henderson, Sr., took one of the leading roles.

The Taylor Keeping Singing Club brought another admiring house to the Auditorium theatre with the "Pirates of Penzance" last night, their theatrical bait being a pre-emptive attraction this time.

The comic opera of the ever-popular Gilbert-Sullivan brand presented for the first time in Waco, holds the distinction of being one of the

few ranking operas to have been produced in America before making the customary European bow, the first presentation being in 1789.

It was heard time after time during the performance last night that recollections of the mid-winter appearance of the Keep Singing Club in a return engagement in the presentation of the Mikado. "That is the same natural-born actor 'Skinney Garrett,' and new stars shone forth in plenty.

The entire performance, including the rhapsodic tones of voices of men intermingled with those of the more cultivated and somewhat more artistic women put across the footlights another characteristic Baylor art program, according to the estimate of art critics and music lovers from Waco citizenry and Baylor enthusiasts.

The announcement has gone out on the authority of the president of the university that there will be a repetition of the opera on Monday evening next week at the Baylor chapel, while commencement is in full swing.

The cast of 10 was supported by 50 trained voices. Especial credit is due "Skinney" Garrett as the major general. A. W. McMillan, S. P. Brooks, Jr., Gertrude McFadden and Velma Cousins shared favors with the major general. Maj. Gen. Stanley... Clyde Garrett Pirate king... Sims Brooks Samuel, his lieutenant John Biggs Frederick, the pirate apprentice.

Sergeant of police. Elbert Holloway Mabel... Agnes Henderson Edith... Gertrude MacFadden Kate... Jane Ellis Isabel... Mozelle Rooney Ruth... Velma Cousins

A PRETTY PARTY.

Misses Helen Flinn and Virginia Vest were joint hostesses last Saturday morning to a number of girls and friends at the home of the latter on North Crockett street.

This was a beautifully appointed affair, the hostesses chose a color scheme of pink and lavender which was effectively used throughout the reception suite. In the hall beautiful pink Kilary roses and pink gladioli and larkspurs were used in baskets combined with ferns, while pink sweet peas in cut glass bowls clustering in maiden-hair ferns were featured in the living room.

Misses Flinn, Vest and Myrtle Curry of Marlin, guest of Miss Vest, greeted the guests at the door inviting them to seats at tables where auction Forty-two was the diversion for the early part of the morning. The four tables carried out the color scheme with dainty baskets of sweet peas in center of same. Tally pads were pictures of summer girls in the pink and lavender, score cards were of crepe paper in artistic designs with pink and lavender pencils attached. During the games baskets were passed containing miniature suit cases and trunks filled with hard candy in pink and lavender, with little fortunes written and placed therein. At twelve-thirty o'clock the dining room was opened and many exclamations were heard at the beautiful scene presented. In center of room was a large table while four smaller tables occupied side and corner positions. A large shower bouquet of pink and white sweet peas tied with narrow white ribbons fell from chandelier and rested in a large cut glass bowl placed on platinum reflector which had a soft drane of pink maline around it. Two of the smaller tables were adorned in the pink color scheme while the other two carried out the lavender. Mint receptacles in rose design in the colors were set with first course-fruit cocktail in glasses tied with pink and lavender maline. Second course—fried spring chicken, fresh peas in patties, whole tomatoes with minianie dressing and sprig of parsley, chipped potatoes, olives, hot rolls and butter. Third course—pink lile cream in cupid design with angel food cake cake iced in pink and lavender. "All the world loves a lover," and the sight of "Cupid," even tho it be a "Cold Cupid," always attracts attention, and investigative parties are rarely without reward, and immediately investigation started and upon lifting the beautiful corsages of pink sweet peas which were lying on tables for plate favors, revealed double hearts in pink, tied with pink ribbons, bearing the following: "Gladys Walker and W. T. Hefley, June 20th, '23." Miss Gladys immediately found herself surrounded with loving friends wishing her happiness and a life of prosperity.

Miss Walker is the eldest daughter of Mrs. Oliver Walker, granddaughter

of Mr. and Mrs. Robert Todd. Is a beautiful, cultured, christian girl, popular with the young society set in Cameron, and Mr. Hefley is a young promising business man of Temple, but Cameron claims him as he was born and reared here, going to Temple a few years ago where he is engaged in business.

BIRTHDAY PARTY.

Mrs. Vorige Pylant gave a pretty birthday party last week to her two oldest children, Robert Gordon, who is five years old and Vorige, Jr., who is two years of age.

Many little friends gathered to enjoy the pleasures of the afternoon. Games were played on the lawn, after which Mrs. J. B. White told them interesting bedtime stories which always delights the youngsters. Ice cream cones and soda pop were served during the afternoon and much enjoyed, while later on two beautiful Birthday cakes were brought out and cut. One cake bore five candles, the other had two candles resting on top, both brightly burning. Many pretty presents from the guests made happy the hearts of the receivers, and will be remembered many days to come.

SPECIAL SERVICE AT PRESBYTERIAN CHURCH.

Following the usual custom of holding a special service in honor of the Presbyterian girls and boys graduating from high school and junioh high school, and including the young people of the church who are students in either department, the eleven o'clock hour was given over to this service last Sunday morning, in

the local church. Kathryn Atkinson, second daughter of Mr. and Mrs. Ben P. Atkinson, was the honor student graduating from the junior school. In recognition of this distinction, she was presented with a handsome bouquet by Mrs. W. G. Gliss. The principal address of the morning was made by District Attorney, A. J. Lewis, who stressed the three fold life in his splendid talk on character building. The pastor, Rev. H. R. McFadyen, closed with some fine thoughts based on the text "The secret of the Lord is with them that fear Him." Special music was rendered by the choir, Miss Jennie Tyson taking the solo parts. Little Marjorie Dusek, a sister of one of the graduates, took the place of the regular pianist in the offertory number.

A PLEASANT SURPRISE.

The Grammar Grade teachers planned a nice surprise last week for Supt. and Mrs. L. H. Kidd. The faculty of the grammar grades met at the home of Mr. and Mrs. Kidd at six-thirty o'clock in the evening taking captive the members of the home, making them the guests of the faculty. Mrs. Joe Denson on behalf of the faculty, spoke in beautiful and touching terms of the high esteem in which Mr. Kidd was held by the teachers of his splendid co-operation with them, of the partron's appreciation of his splendid work and in closing presented to him and his wife a beautiful picture in colors entitled "The Dutch Flower Girl"—by Hitchcock. The very high appreciation of the gift

could only be judged by those who heard the splendid responses which were given by the receivers.

After an hour of social chat and enjoyment delightful refreshments of ice cream and angel food cake were served, which had been prepared by the thoughtful teachers. Mr. and Mrs. Kidd are leaving this fall for San Marcos where he will take up work as an instructor in the normal school. Cameron people are loath to give them up, but good wishes will go with them into their new home.

PRESBYTERIAN AUXILIARY.

Mrs. F. N. Diltz was hostess to Circle One of the Presbyterian Auxiliary last Monday afternoon. Mrs. Lou Meyers led an interesting Bible study lesson. The hostess served a refreshing salad course to five members.

Mrs. Ben Atkinson was hostess to Circle Two with Mrs. R. D. Brown as leader, conducting a Bible study from the Book of Joshua. There was a social hour when the hostess served refreshments to four members.

CATARRHAL DEAFNESS

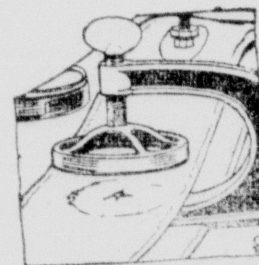

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

CHRONICLINGS OF INTEREST FROM OVER THE COUNTY

SAN GABRIEL SCHOOL SENDS
OUT PREPARED STUDENTS.

That the students of the San Gabriel Public School are given a most excellent foundation of learning is borne out in the record of pupils who go from that school to schools of the higher grade. For instance, Miss Lois Camp, daughter of H. H. Camp, who completed her tenth grade work at San Gabriel last year, this week graduates from Cameron High School with a scholastic average of 94.8—the highest average in a senior class of thirty-eight.

Another daughter of Mr. Camp—Miss Isabel—who went from the San Gabriel School to the State University at the age of 16, secured her degree from State last year and has been teaching in the Cameron grammar school the past term, with unusual success.

San Gabriel has the reputation of having one of the best schools of any of the smaller communities of Milam county. Those people seem to have the proper school spirit, evidence of which is to be seen on any school occasion when the patrons of the school will gather for miles and show their interest by their attendance.—Rockdale Reporter.

LOUIS H. PORTER, JR.,
IS CALLED BY DEATH.

Louis H. Porter, Jr., son of our townsman, L. H. Porter, Sr., died at St. Paul's Sanitarium in Dallas at an early hour Wednesday morning from the effects of an operation for appendicitis, followed by peritonitis.

The news of Mr. Porter's illness was received here Monday and members of his family went at once to his bedside and were present at the end. The remains were brought home to Rockdale this morning on the early morning train, and the funeral will be held this afternoon from the family home, Rev. R. E. Roberts of the Christian church officiating.

Louis Porter was a native of Rockdale; was born here and graduated Later he received his degree at State University and chose the profession of law for his life's work. He served his country with distinction during the world war, winning a commission in the service. After the war he located in Dallas for the practice of his profession, and at the time of his death was a partner in the firm of Townsend, Phillips & Porter, which included Judge Nelson Phillips, late Supreme Court Justice. Both Messrs. Townsend and Phillips are here today for the funeral, and they characterize the dead man as one of the most brilliant young lawyers they had ever known.

The editor leaves for more capable hands and defers until next week the publication of a suitable obituary for this splendid young man—one of the finest Rockdale has even sent out into the world.—Rockdale Reporter.

TO ASK COMMISSIONERS
COURT FOR ELECTION.

A petition giving the meets and bound of the proposed incorporated limits of Thorndale was being circulated Wednesday of this week for signatures to be presented to the Commissioners Court asking that body to order an election held at Thorndale at some future time for the purpose of determining whether or not the town shall be incorporated.

Walter Seales circulated the petition and at the time this is written fifty-five business men and citizens

had signed the paper. There is a possibility that some who would sign the paper will not be seen by Mr. Seales, due to his lack of time to stay on the job and away from his personal affairs, and in that event he requests that those who wish to join in the request for the election will please see him and affix their names to the petition.—Thorndale Champion.

PASSENGER NO. 4, NAR-
ROWLY ESCAPES SERIOUS
WRECK LAST SATURDAY.

Just as the north bound passenger train pulled into the yards here Saturday afternoon and as the brakes were being applied to make the stop at the station, a brake beam gave way and hung on the brace bar of the switch on the outskirts of the yards and threw the front trucks of a mail car and the rear trucks of a baggage car off the main line track into the siding, thus attempting to buckle the train.

The momentum forced the train 150 yards distance before a full stop was made, the engine remaining on the main line track the baggage and mail cars trying to go on the siding, and the passenger cars yet in line with the engine.

The wrecker from Taylor was called and four section foremen with their men from either end of the line was put into operation to clear up the wreckage. No one was hurt and no damage save to the track resulted. Good fortune smiled upon the whole incident.—Thorndale Champion.

LUNGARDIA FOR COUGHS
AND COLDS.

The quicker you can remove a Cough or Cold, the better. Deep-seated ones are a menace to the Lungs. If LUNGARDIA is not better and does not act quicker on Coughs and Colds of all kinds, sore throat, difficult breathing, Spasmodic Croup,

PREVENTION OF
INFLUENZA

and for the relief of Whooping Cough—your money back. Thousands praise LUNGARDIA. Guaranteed by the

SQUARE DRUG STORE

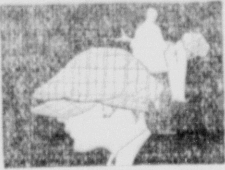

THE COST OF DISTRI-
BUTION IS TOO GREAT.

Elwood Thomas of the Gang Community was in town Saturday and related an interesting experience he had recently with a shipment of Sweet potatoes from Thorndale to a point in California. Mr. Thomas shipped a bushel of potatoes to Claude Williams, a friend living in California, who had let Mr. Thomas know incidentally that he very much desired the potatoes and was willing to pay the freight, but when Mr. Williams called at his station for them he was advised that the freight amounted to ONLY five dollars. Sweet potatoes

were bringing 2c per pound in Thorndale and comment is unnecessary to reveal the fact that our transportation facilities are working a hardship on production and distribution of our food products. The cost of distribution is too great; entirely too great.—Thorndale Champion.

HARDING ON PROHIBITION.

President Harding has stated his recognition of the benefits of the prohibition law and has repeatedly evidenced his sympathy with it. But his letter to Mr. Wesley Wait of Newburgh, N. Y., in regard to the repeal of the New York State prohibition enforcement law, is the first time he has assumed leadership of the loyal forces of the United States against those expressions of anti-prohibition sentiment which have tended to thwart the operation of United States law. The letter appears a bold attempt to bring home to the people of the action of their legislature, if ratified by the Governor's signature, will place them in direct opposition to the will of the nation of which New York State is a part and will tend to alienate the sympathy of American people upon whose prosperity and friendship the New York metropolis has been built.

Mr. Wait wrote to the President in regard to the bill passed by the legislature which had not yet been signed by Governor Smith and in reply President Harding said:

"Pending the approval of the Culliver bill by Governor Smith, this matter is hardly to be regarded as having reached the stage where any federal authority is called upon for a determination of national policies. With much of what you say I am fully in accord. Mr. Lincoln said at the time when slavery was still a recognized, established and accepted institution throughout a considerable part of the Union that the nation could not exist half slave and half free. That expression has been accepted ever since as presenting the obvious and conclusive logic of the situation which then would have been still more impressive if there had been at that time a constitutional provision against slavery, as there is now a constitutional provision against the liquor traffic."

"The nation has deliberately, after many years of consideration, adopted the present policy, which is written into the Eighteenth Amendment. It is the law of the land and of every State within the Union. So long as it remains the national policy there can be only one course for the national government to pursue—that is to use every means to make effective the law passed in compliance with this constitutional mandate. To do this will be the unquestioning policy of the present administration, and I may add that I am finally convinced that it must be the policy of other administrations that shall come hereafter."

"The executive of the nation, and equally the executives of the States, are sworn to enforce the Constitution. It is difficult to believe that public approval will ever be given to any other than a policy of fully and literally discharging this duty. It does not seem fitting, however, to enter upon discussion of a situation which has not yet arisen. It will be obvious that many complex and extremely difficult situations must arise if any of the States shall decline to assume their part of the responsibility of maintaining the Constitution and laws enacted in pursuance of it. The States are equipped with police organizations and judicial establishments adequate to deal with such problems. The Federal government is not thus equipped."

"I venture that if by reason of the refusal or failure of any State to discharge its proper duty in such connection, the Federal government is at length compelled to enter upon the territory and jurisdiction of the State, and to set up those police and judicial authorities which would be required, the most difficult and trying situations would inevitably arise. More or less conflict between State and Federal authorities would seem unavoidable in such circumstances. The impression would be created that the Federal government was assuming to interfere with the functions of the States, and the distressing results that would ensue readily suggest themselves. The President can feel assured that he has behind him the approval and determined support of the church people of the United States and more important than this, of that great body of public which believes in loyalty to American law as the basis of American citizenship."

AN IMMIGRATION PROBLEM.

A phase of our immigration problem which merits more attention than it gets is the hardship worked upon hopeful men and women who leave their foreign homes and come to America, hoping for the blessings of freedom and franchise, only to be turned back at the port of entry because of quota restrictions or inability to pass the mental, moral, and physical tests which our wise laws impose.

Various plans have been proposed to mitigate the troubles of such unfortunate ones. One such plan proposes American inspectors at ports of embarkation, who would examine all would-be immigrants and admit or

reject abroad rather than here. The plan is open to several objections, such as the animosity of foreign governments to a selective process on their own shores which would keep at home undesirable and send to us only desirable citizens; also the difficulty of maintaining an intelligent and high morale force of inspectors abroad at any rates of pay which the immigration service could expect to obtain from Congress.

Another plan is the proposal to make the steamship companies responsible and fine every ship a thousand dollars for every immigrant brought over who has to be turned back. The plan looks attractive, but seems somewhat on a par with fining a railroad company if it transports a criminal from one town to another, and has so many legal difficulties that it hardly seems possible it will be attempted.

Whatever the answer, it obviously can not be that of the sentimentalists who crave the admission of any given "pitiful case" in spite of the law. Our first duty is to our own country, not the unfortunate victim of a dreaded disease who has a human desire to join his family, regardless of the health of others.

But it would seem that with all the ingenuity for which Americans are famous, some plan might be devised which would greatly reduce, if it did not completely eliminate, the number of aliens who make the passage over here only to be told for one or another perfectly valid reason that they must go back again.

OFFICE DOG

We'll never stand in awe of efficiency experts until we see one in the act of dressing a small and wigglesome boy.

Our own pet peeve is the chap who can't control his mirth as he begins the story and then can't remember how it goes.

It is only a question of time until every pedestrian will be in and emergency ward or behind a steering wheel.

It must be an awful strain on parents, trying to pretend they don't know their daughter is going to elope.

Thinking fast may not bring you success, but it will bring you the good will of those who stand behind you in a cafeteria.

The latest style dresses this year are cut low in the back but not in price.

There are seventeen ways to express thanks, seventeen of which are never heard by the elevator man.

If one tightwad likes another they are naturally known as "close" friends.

You can't tell how big a load a man is carrying by the size of his crumts. Nor is that an indication of the size of the man!

When you get up a tree it is time to recall that your ancestors once lived there.

After working fourteen hours a day, a wife may be excused for smiling a little when her husband speaks of "giving" her money.

Correct this sentence: "She gave the house its spring cleaning and did not move the davenport to the other side of the room."

"Just let me park my weary head." She whispered in his ear: And then the park policeman said: "Move on; no parking here!"

The ancient is the nearest political name all the things that grow on the face of the globe, so the Tanager says. Capital thinks. The apricot insists on putting forth its

tender petals on the first warm day of the early spring. Nine times out of ten that night a stiff north wind and freezing weather comes along and the poor fool apricot is blooming the next day in paradise. There are a lot of apricots among members of the human race, too.

President Harding has written a Bible society that the Bible is the book of books. But in his letter, we notice he didn't undertake to quote any of it.

"I'd walk a mile for a camel," said the Arab lost on the desert.

LETTER FROM HENRY RUBY NOW EN ROUTE TO COLORADO

Mr. Editor:

Well, as I promised to let you know about my whereabouts, I am in Lubbock today and I find it a beautiful city, clean and a much enterprising city, some fine buildings and several new ones going up, fine property changing hands and much improvements going on. They have paved streets which adds to the looks of any town, I think.

I was in conversation with one of the commissioners and was telling him good streets adds so much to the appearance of the town. He remarked, yes, I said we spent in our city last year about \$5,000 dollars on our streets so he glanced up at me, as I was some taller, and said, yes, we spent four hundred and fifty thousand on our last year and will spend that much more this year, so Mr. Editor how do you think I felt. Well I remarked, that is going some and said I am in some what of a hurry and I'll see you later, and I did.

Well I must tell you about the sand storm here—I was fortunate enough, or unfortunate, to be in one—now you can't see one at all, only feel and hear and afterwards see the effects. I had me a cot out in the yard at night to spend a peaceful slumber on, when the sand storm arrived, so lo and behold, it took its flight at some time and the next morning I found it about 200 yards out in a cotton patch badly disfigured, not able to sit up.

As you know, I am a repair man and now I have it under treatment and it is convalescent today and will be able to make the trip with us further west.

I was talking to a gentleman yesterday and he remarked that was a nice breeze last night, I said yes sir, it was a sand storm, he said no, I said no, not all together for there were a good deal of rocks in it, so he looked up at me and I closed the conversation. Now Mr. Editor you can't see them for they come as a thief at night, but after all, this a fine country.

Well I must tell you this much more about the blow out—it blew an automobile through a plate glass window of a furniture store and it rambled around in there and tore through the back wall of a brick house and came out all O. K., it was a Ford.

Well crops are very good all along the line, wheat and oats are comparatively good, about one half harvested.

Well, I must stop for this is no foolishness, so will close and let you hear later.

Leave the 5th for Denver Colorado.

C. H. RUBY.

Uncle Sam's Biggest Country Store Delivering \$1,000,000 Every Month to Russia via Food Package System

Making Up Food Packages
A. R. A. Food Remittance
Warehouse, Moscow

The "Ultimate"
Consumer

The Packages Being
Loaded for Delivery
in Moscow

A business whose gross income has averaged nearly \$1,000,000 monthly for a period of nine months without any profits to its conductors does not sound like a remunerative proposition, and calculated in dollars and cents it is not. But the hundreds of thousands of Russian men and women who represent the army of consumers of food packages, purchased by their friends and relatives in this country through the American Relief Administration, will testify that the operation brought them inestimable happiness.

The A. R. A. has announced that during the nine months ending October 1 applications for purchase of ten-dollar food packages aggregating more than \$8,000,000 have been received at New York headquarters, 42 Broadway.

When remittances reach Moscow, where they are sent by courier from London, they are forwarded by the A. R. A. courier service in

Russia directly to the district in which the designated beneficiary is located. The food packages are made up in the big Food Remittance warehouse at Moscow, two scenes of which are shown above, and shipped by rail and motor truck to the districts. Every district is kept well supplied by the Moscow depot, so that delivery of the food package is almost simultaneous with the receipt of the remittance.

The A. R. A. Food Remittance system was inaugurated two years ago during the feeding operations in Eastern and Central Europe, and provided a means whereby adults in the stricken countries could be reached by friends and relatives in this country. The food package has been so standardized that by purchasing the products that make it up in large quantities the A. R. A. has been able to deliver more than ten dollars' worth of food, at market prices, in each package, despite

the fact that twenty-five per cent of all Food Remittances is taken out and set aside for child feeding.

The package, delivered in two wooden containers, consists of 49 pounds of flour, 25 of rice, 20 cans of evaporated milk, ten pounds of sugar, ten of lard and three of tea, or 120 pounds in all. In Russia today, were it possible to purchase all of these ingredients, the package would cost in the neighborhood of 100,000,000 roubles.

Following the announcement that it will continue to feed 1,300,000 children and probably a million adults during the approaching winter, the American Relief Administration has further announced that food package deliveries will be continued. Money may be sent, either for specified beneficiaries or for general relief, to the Russian Food Remittance Department, American Relief Administration, 42 Broadway, New York.

AN APPRECIATION BY COLORED PEOPLE.

The good friendship of the white and colored races in Cameron and Milam county:

I have been asked by a number of colored citizens to take this means of showing their appreciations and thankfulness to our school board and many White friends for their interest in trying to give to them educational advancement. When I think of how the white men and white women of the southland are fighting to keep the banner of good morals on the highest peak of civilization and when I think of the recent decision of the school board I can come to but one conclusion and that is they have no inclinations to leave the colored race in darkness. The State Superintendent of N. Y. says that it is cheaper to educate a boy than it is to keep

him in prison, if educated he becomes an asset, if ignorant he becomes a liability. When I think of the good friendship existing between white and colored races in Cameron and Milam county and compare this condition with other places where there are riots, mobs, burnings, hangings, I again conclude that this is a good place to live and that's why I am here among friends that are dependable.

Yours for a greater Cameron,
SAM STEPHENS.

666 Cures Malaria, Chills
and Fever, Dengue or
Bilious Fever.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Ah! Backache Gone Rub Lumbago Away

Rub Pain from back with small
trial bottle of old
"St. Jacobs Oil."

Ah! Pain is gone!
Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."
Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatica remedy which never disappoints and doesn't burn the skin.
Straighten up! Quit complaining! Stop those torturous "stitches." In a moment you will forget that you ever had a weak back because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from your druggist now and get this lasting relief.

(Copyright by Underwood & Underwood, N. Y.)

POLISH BOY—15—IN AMERICA BUT 2 YEARS—RADIO EXPERT.

"How do you do," says Nathan Flanshman, 15-year-old Philadelphia lad, as he tips his hat and at the same time displays his unique new radio set. The whole receiving set is contained in the straw kelly and with this, an umbrella for an aerial, and a piece of wire trailing along side him for a ground, he strolls about the Quaker City, getting all the concerts by local and suburban broadcasting stations wherever he goes. The set cost him 40 cents and the coil which consists of about 200 turns, tapped on every eleventh turn, is hidden by the hatband.

There are eight turns on the pri-

mary and eight on the secondary of the coil. The leads from the taps are brought through the hat and connected to the switchpoints on top that are controlled by two switch blades for tuning purposes. Of the four binding posts, two are used for phone connectors and two for the aerial and ground wires. The crystal detector was purchased for ten cents at a nickle-dime store.

Flanshman has only been in this country for two years, having come from Poland. He is in the seventh grade at school and has given frequent talks on radio to his schoolmates. He has built several sets for himself and during his spare moments builds sets for his friends—besides working after school in his father's store.

Emil Klatt after a short visit here with his mother, Mrs. J. F. Guggolz, has returned to Galveston where he is taking a course in the Medical Department, State University.

SPRING IS DRESS UP TIME FOR THE HOME

This is the season when householders are on the look out for furnishings that give an added touch of brightness and beauty to the home.

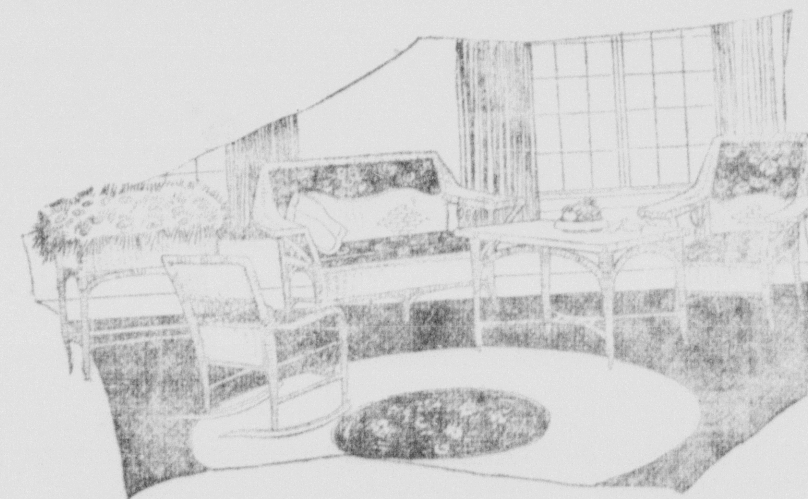

To the June bride who is going to furnish her new home, we especially invite you to give us a visit and see the many new pieces of furniture and floorcovering. Remember we are able to furnish your home from parlor to kitchen. We buy in car load lots and are able to sell as cheap or cheaper than you can buy elsewhere.

REFRIGERATORS

How about your refrigerator? Is your old one about worn out? Have the doors gotten so they will not close up tight? If this is the case, it will pay you to get a new one. The old refrigerator will waste enough ice in a season's time to practically pay for a new one. We have taken up the agency for the Automatic Refrigerator, which is a high grade, well made refrigerator medium in price. We have all sizes, both enamel and porcelain lined.

Cameron, Texas

COMETS OPEN SEASON IN WIN OF 4 OUT OF 5 GAMES

Taking three straight games from Rosebud the age old rivals of the diamond, the Cameron Comets got away to a flying start in the 1923 base ball marathon.

The opening game of the season played against Beaumont was a one sided affair with the Comets getting the little end of a 13 to 3 score. In the first inning the Comet stick work produced two runs and the fans brought the local lasses would make good work of the Texas league club. But the exporters got Killena for a bunch of bingles and the Normal star looked less likely as the game went on. However, this was the first twirl in two weeks for the big boy as well as the first game for the hurriedly assembled Comets.

The club has been greatly strengthened by the arrival of Pitcher Giffin, Benge and others. Keena, star with the Exporters, was dropped to the local club and has been on the hot corner with bells at every turn. Jimmy Doyle star in the Texas league in 1922 is now on second base for Manager William Rogers while Dutch Nichols is in the short field. A wire

to the manager from Ardmore in the Western Association says that Lefty Mathis will report here in a few days. The artillery will be strengthened.

Copeland has left the club and Rainey the big catcher who was signed by the Giants and who is now under contract to Fort Worth in the Texas league, is the first string receiver. Traylor of Milano is on the club as a relief catcher.

Thursday the Comets play Caldwell. On Tuesday they won a ten to one victory over the touted Summerville nine. Big Rainey and Keena split the welkin with home runs each, the big catcher setting up something of a local record by clouting the thing about 640 feet by appraisal.

Jacksonville is asking for a series of five games with the Comets and Manager Rogers is trying to arrange the schedule to meet Boss Bridges and his conference champions. Country Williamson and Pitman were with the local club up to Sunday. Teddy Lyons the pitcher who beat the Comets last year is now with the White Sox.

CAMERON COMETS DOWN ROSEBUD BY SCORE OF 6 TO 5.

Cameron, Texas, June 2.—The Cameron Comets won the first of a three game series from the Rosebud Roses this afternoon by a score of 6 to 5.

The teams went into the ninth inning with the score tied but the Comets came through with the winning run on a wild pitch by Alford. Manager Rogers used two separate batteries during the game. Stokes, Bartlett high school star, pitched the first 7 innings and struck out 8 batters. Benge pitched the last 2 innings. The Roses used two pitchers, Lawton and Alford.

The game was featured by the hitting and pitching of Alford, although he threw the game away in the last inning, and the hitting of "Boss" Sevier, Comet first baseman.

The Score: R. H. E.
Rosebud 5 12 1
Cameron 6 9 3
Lawton, Alford and Bateman.
Stokes, Benge and Copeland, Rainey.

COMETS AGAIN WIN OVER ROSEBUD TEAM BY A SCORE OF 4 TO 2.

Rosebud, Texas, June 3.—The Rosebud Roses went down in defeat before the fast Cameron Comets on the local diamond this afternoon by a score of 4 to 2. The loss was the second in two days to the Comets.

Rosebud took the lead in today's game in the first inning when Alford hit a home run with one man on base. Kenna, of Cameron, hit one over the right field wall in the third and the Comets won the game in the fourth inning when "Dutch" Nichols slammed out a long two-bagger with three men on bases.

The Score: R. H. E.
Cameron 4 4 2
Rosebud 2 8 3
Sigler, Giffin and Rainey. Bonds and Bateman.

CAMERON COMETS WIN THIRD OVER ROSEBUDS.

Cameron, June 4.—The Cameron Comets won their third consecutive victory over the Rosebud Roses this afternoon when they defeated the Falls county team 1 to 0 in a thrilling pitchers battle between Mac Serven, Kallina and Benge. Sunday the Comets won from Rosebud in Rosebud by a score of 6 to 5.

The three victories of the Comets give the champions of 1922 a splendid get away in the News-Tribune semi-pro race of 1923.

The only run of the game of today was scored when Benge, who held the Rosebud team hitless during 4-inning regime on the mound, led off with a double and scored on Dick Brewer's single. Jimmy Doyle, at one time Southwestern university star, and later with the Houston and Beaumont teams of the Texas league, was the hero of the fray today. He stole three bases and hit safely four times in four trips to the plate, as well as fielding in his usual sensational style.

The Comets' out hit the Roses 9 to 3 today, but were out hit by the club yesterday. Here are the scores. Sunday's game at Rosebud:

The Score: R. H. E.
Cameron 6 9 4
Rosebud 2 12 2

Monday at Cameron:

The Score: R. H. E.
Rosebud Roses 0 2 3
Cameron Comets 1 9 2

Severn and Bateman; Kallina, Benge and Rainey.

STOKES PITCHES CAMERON COMETS TO BIG VICTORY.

Somerville, June 5.—Stokes, former Bartlett high school hurler, was on the mound for Cameron here today and hurled the Comets to a 11 to 1 victory over the Somerville Creosoters. It was the first game of the Somerville club in the News-Tribune race, Marling, Bellville product, was in the box for the locals, and was touched for 10 hits by the hard-hitting Comets. A home run by Murry accounted for the only run of the contest for the Creosoters, who obtained only seven hits.

In the field, the Kenna-Doyle-

Nervous Break-Down

MRS. ANNIE LANGE, of R. F. D. 1, Burlington, Tex., writes as follows regarding her experience with Cardui: "Some time ago I had a nervous breakdown of some kind. I was very weak and so nervous. I had fainting spells and suffered a great deal, but more from the weak, trembly, no-account feeling than anything else. I knew I needed a tonic, and needed it badly. I began the use of Cardui to see if I couldn't get some strength, as I knew of other cases that had been helped by its

use. I soon saw a great improvement, so I kept it up. I used seven bottles of Cardui, and can say the money was well spent, for I grew well and strong. Am now able to do all my housework and a great deal of work besides."

If you are weak, run-down, nervous and suffer from the ailments peculiar to women, it is very likely that Cardui will help you, in the way it helped Mrs. Lange and has helped thousands of others, during the past 40 years.

Ask for, and insist on, Cardui.

SAYS DEALER ALONE GIVES TRAVEL VALUE.

"Any sum of money spent for an automobile is soundly invested," says G. C. White of the White-House Motor Company.

"Whatever may be the car, it's worth the price if judged solely as a moving mechanism. Standardization of materials, parts and manufactur-

ing methods has given a definite intrinsic value to every car.

"But the transportation value of a car is not always apparent to the shopper who is looking over models and specifications. The local facilities for service, the permanence and responsibility of the local dealer, are vital factors in giving constant daily transportation value to any car.

"So while car values are more or

less fixed and dependable, transportation value is affected by the conditions under which the car is sold and serviced locally."

A. R. A. Food Remittance Warehouse Now Busiest Spot in Moscow Since Curtailment of Huge Feeding Program

The busiest spot in Moscow is now the Boyna Food Remittance warehouse of the American Relief Administration. With the curtailment of its huge mass feeding program and the consequent removal of the heavy burden imposed on Russian railways, the A. R. A. is now giving more attention to the matter of food package deliveries with the result that the big warehouse is seething with activity. According to Colonel William N. Haskell, director of the A. R. A. in Russia, more than 95 per cent of the packages purchased in America are reaching their Russian destinations. The others are held in warehouses because the consignees can not be located, and the purchase price is being refunded to the original purchasers:

When the purchaser makes application here in America for a ten-dollar food package to be delivered to his friend or relative in Moscow, Petrograd, or any of the other hundred cities and towns reached by the A. R. A., he has but a vague idea of the manner whereby his package eventually reaches that friend or relative. Pictured above is a scene from the interior of the Boyna warehouse showing containers being packed and crated for shipment to one of the districts. Nearly 200 Russians are employed in the warehouse, where all foodstuffs are received in bulk. Below is the food package spread out on a table.

The American Relief Administration has announced that applications for the purchase of ten-dollar food

packages will be received throughout the coming winter at New York headquarters, 42 Broadway. Although the famine that last year threatened the entire region of the Volga and later the Ukraine has been virtually stamped out, there is still need of relief work in these districts, especially among those whose weakened after-famine condition makes them in need of physical rebuilding. Many farmers were hardly able to work or harvest their crops. The A. R. A. is hoping that the American people will contribute to these needy through the food remittance system. Money so received will be applied to general relief, or sent in the form of food to specified beneficiaries.

said there was no limit placed on the committee and also by the recent court decision holding such committees have no authority to compel attendance of witnesses.

AN APPRECIATION BY COLORED PEOPLE.

The good friendship of the white and colored races in Cameron and Milam county:

I have been asked by a number of colored citizens to take this means of showing their appreciations and thankfulness to our school board and many White friends for their interest in trying to give to them educational advancement. When I think of how the white men and white women of the southland are fighting to keep the banner of good morals on the highest peak of civilization and when I think of the recent decision of the school board I can come to but one conclusion and that is they have no inclinations to leave the colored race in darkness. The State Superintendent of N. Y. says that it is cheaper to educate a boy than it is to keep him in prison, if educated he becomes an asset, if ignorant he becomes a liability. When I think of the good friendship existing between white and colored races in Cameron and Milam county and compare this condition with other places where there are riots, mobs, burnings, hangings, I again conclude that this is a good place to live and that's why I am here among friends that are dependable.

Yours for a greater Cameron,
SAM STEPHENS.

BOLT HITS CAMERON FARMER.

While going to a tree where he had placed a jug of water while plowing near Jones Prairie, Archie McLerran was knocked down by lightning Friday which struck and demolished the tree. He was not seriously injured.

This is the second caprice of lightning reported here recently, the other occurring at Tracy when a farmer was knocked from his chair while eating.

YOU CAN'T TRUST CALOMEL AT ALL

ITS' QUICKSILVER, SALIVATES
CAUSES RHEUMATISM AND
BONE DECAY.

The next dose of calomel you take may salivate you. It may choke your liver or start bone necrosis.

Calomel is dangerous. It is mercury, quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tonic which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because

it is perfectly harmless and can not salivate.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

THE STAR AUTOMOBILE

The first cost of an automobile is not the only cost. The Star and Durant automobiles have been tested, tried until there must be the satisfaction that they will do even more than we claim for them. We have three or four models on the floor for demonstration, Touring, Roadster, Sedan and Coupe. Come in and look these good cars over.

ELECTROCUTION IS SUBSTITUTED FOR HANGMAN'S NOOSE

ROPE IS GIVEN BERTH IN HISTORY BY GOVERNOR PAT M. NEFF.

Austin, Texas June 4.—Governor Neff today cleared his desk of measures passed by the second called session of the legislature when he signed eight bills, filed seven to become laws without his signature, and vetoed seven.

Chief among the bills signed is the Thomas electrocution act. This substitutes electrocution for hanging in capital punishment cases. Electrocution will take place at the state penitentiary. The act is effective 90 days after adjournment.

The so-called "blue sky" act, seeking to prohibit fraudulent activities in stocks and bonds, also was signed, as was the bill creating a separate banking department.

Other bills signed or filed include: Releasing inhabitants of Wharton and a portion of Matagorda counties of taxation for 25 years; appropriating \$25,000 for erection of a memorial to Gen. Sam Houston; regulating the net quantity of packages and containers; appropriating \$10,000 for assisting disabled former service persons; substitute gasoline tax; creating state plant breed examiner's board.

The principal bill which was vetoed was the Burkett bill seeking to create the eleventh court of civil appeals at Eastland. Veto on this measure was because there are already too many courts of civil appeals, the governor said.

For the second time the governor entered his disapproval on a measure which sought to annul the book contracts let by the textbook commission last December. The Pope bill, vetoed today, provided for extending contracts in force last December. The governor said the bill did not come within the call of the special session and also that it seeks to "impair the obligations of contracts

heretofore made by the state," which he said is unconstitutional. The Winfree resolution proposing an investigation of Texas oil com-

panies, particularly the relations of oil firms to the Standard Oil company, also was vetoed. The governor objected to the measure because he

PROHIBITION IS PERMANENT; NOT A PUT OVER JOB

SURVEY SHOWS SURENESS OF GROWTH OF SENTIMENT OVER AMERICA.

In this day of prospective political controversy over the action of Al Smith, Governor of New York, in signing the bill to repeal the enforcement act on prohibition in that state, those who are for prohibition will appreciate some facts gathered on the question. They are as follows:

1. The Constitution of the United States provides specially the way in which Amendments may be made: (a) Proposed by the National Senate by 2-3 vote.

(b) Proposed by the National House of Representatives by 2-3 vote.

(c) Ratified by both the Senate and the House of 3-4 of the States.

The 18th—the Prohibition Amendment—was adopted in exactly the way the 17 preceding Amendments were adopted.

There could be no referendum to the votes.

2. The United States Senate, August 1, 1917, proposed the Prohibition Amendment, 65—20.

3. The United States House of Representatives, on December 17, 1917, proposed the Prohibition Amendment, 262—128.

4. The Congress which proposed this was elected, with the Amendment as the dominant issue, November, 1916, five (5) months before the United States entered the War.

5. From January 8, 1918, to Jan. 16, 1919, thirty six (36) States (the necessary 3-4—Prohibition effective one year thereafter) ratified the Amendment with a combined vote of 4,086 to 829.

6. Since Ratification by the necessary 36 States, 10 more States have ratified, with a combined vote of 1,016 to 416.

7. The only States that have not ratified are Rhode Island and Connecticut.

8. The Movement that resulted in the 18th Amendment began in 1851, when the first State adopted Prohibition—72 years ago.

9. When the United States entered the War, twenty-six (26) States had voted "dry," and over eighty-five per cent (85 per cent) of our area, inhabited by more than sixty million (60,000,000 people, was "dry" territory.

10. No other Amendment of the Federal Constitution was ever discussed so widely and continuously through so long a stretch of years, or opposed by such organized, well-financed forces throughout every State, and no other Amendment was ever adopted so overwhelmingly.

Excerpts from the views of the President, Warren G. Harding:

"The 18th Amendment is the will of America and must be sustained by the government and public opinion else contempt for the law will undermine our very foundation."

"The day is unlikely to come when the 18th Amendment will be repealed. The fact may as well be recognized and our course adopted accordingly."

"In another generation, I believe liquor will have disappeared, not merely from our politics, but from our memories."

And here is a most illuminating illustration of the real views of the people (not newspaper propaganda of the liquor forces)—the successive popular referendums in Ohio, that

Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder
Bothers You, Begin
Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

great central State, the pivotal State on questions of National policy:

1914 "Wet" by 84,152
1915 "Wet" by 55,408
1917 "Wet" by 1,307
1918 "Dry" by 25,759
1919 "Dry" by 41,853
1922 "Dry" by 189,472

HIGH SCHOOL GRADUATES.
YOU ARE FACING THE PROBLEM WHICH IS THE GREATEST IN YOUR LIFE.

You will find it hard to appreciate the fact that you are right now actually facing the question as to just what you will do in the future—At any rate, you are aware that it will be necessary for you to support yourself within the next few years, regardless of what your undertaking will be. It is necessary that you make this decision for yourself NOW.

Business offers and opportunity second to none, for within four or five months time you will be earning money instead of spending it. With this earning you can continue your future plans without a handicap. All business men and women in the United States have been educated in a business college, or have had some business training.

As a high school graduate, you have the advantage over thousands of students who are making good in business each year. Those who have not been so fortunate as to complete the high school course have secured a business education, and within a few years after completing this course were satisfactorily engaged in business for themselves. You have more than an equal chance, and should make the decision now to enter The Tyler Commercial College, Tyler, Texas, for a thorough and practical business training. Business men do not have time to train their employees, and rely upon the most progressive and modern commercial schools to supply their office help.

For this reason, the Tyler Commercial College can easily place you in a good position within three or four months time from the date you enroll. A fair comparison with any commercial school will establish this fact.

A large free catalogue, explaining fully the course of Bookkeeping, Shorthand, Business Administration and Finance, Telegraphy, Penmanship, Cotton Classing, Radio and

Civil Service, will be mailed you upon request. Fill in and mail the coupon today, for our large free catalogue. Don't put it off. Our school is filled with wide awake, far-seeing young people, and we want you to join us.

Ten cases filed for failure to dip of which seven have been disposed of as follows: six pleas of guilty and one convicted by jury.

Four cases filed against Burleson county stockmen for letting infected cattle drift into Milam county.

Twelve cars of cattle was shipped to Fort Worth market during the month consisting of 654 cattle. Out of this number one cow was found infected at Fort Worth which caused the shipper to loose about \$160 dollars.

Very respectfully,
R. BEARD, Agent.

CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists. F. J. Cheney & Co., Toledo, O.

CLASSIFIED ADVERTISEMENTS

FARM WANTED—Wanted to hear from owner of farm or good land for

FIERY, ITCHY SKIN QUICKLY SOOTHED BY THIS SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowles Mentho-Sulphur may be had at any good drug store.

sale, for fall delivery. L. Jones, Box 111, Olney, Ill.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

FOLKS say that there isn't a place in town where their wants in the electrical line can be more satisfactorily filled than at this store. They should know!

Nothing but quality goods here—Edison MAZDA Lamps for instance.
